

## What You Need to Know about Overdrafts and Overdraft Fees

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have Safe Landing Overdraft Protection that comes with your account.
2. We also offer overdraft protection plans, such as a link to a savings account, which may be less expensive than our Safe Landing Overdraft Protection. To learn more, ask us about these plans.

This notice explains our Safe Landing Overdraft Protection.

➤ **What is the Safe Landing Overdraft Protection that comes with my account?**

We do authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We do not authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

Everyday debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transactions will be declined.

➤ **What fees will I be charged if Advanz Federal Credit Union pays my overdraft?**
