SUMMER ADVENTURES – *Save & Spend Smart*

Hi, Cadet Saver! Are you as excited for summer as I am? I always enjoy going on adventures during the summer with my friends and family.

We like to visit new places and experience new things. Last year we had to get creative and find fun, safe things to do close to home. But now that it is becoming safer to travel and be together, I sure hope we can go on a bigger adventure this year! So, guess what I am doing? Starting to SAVE! One of my favorite parts about going on a new adventure is

saving up some money so that I can get a small souvenir to remember the adventure by. That way it will always remind me of the fun I had with my family and friends. You can do it too – give it a try! It's important to start saving ahead of time so that you have enough money to spend. And sometimes if you're lucky, you'll have a little left over that you can put back in your savings for next time! **Good luck saving & happy adventures, Cadet Saver!**
