Q4 | FALL 2022

*Howdy, Cadet Savers,* Penny the Monkey here! It's great to be back with you again. I hope you had a terrific summer and are looking forward to fall and the holidays ahead.

I have a little trick for you to save money. You know how kids get excited about collecting candy on Halloween? You can have fun collecting money, too! And it all centers around the number 5!

I keep a special "5" jar where I save every nickel I get. Or, if I get really lucky and get \$5, I put THAT in the jar, too! If you consistently save every time you find yourself with \$5 or 5 cents, you can imagine how it might add up. And it makes saving easy, too, because you don't even have to think about it - you just see a "5" and know it goes right into your special jar. Don't forget to make a trip to the credit union to put the money you've collected into your Cadet Savers account!

I love fall! The leaves, the pumpkins, the cool air... did I mention the pumpkins? I could find all kinds of things to love about fall. Can you find them all in my word search? OH - I almost forgot! There's one more thing to love... when you're done with the activities on this page, you can color it with your crayons, markers, or colored pencils!
